

GOOD PRACTICES ADOPTED BY SRI SATHYA SAI CENTRAL TRUST, FIND
MENTION IN THE UNITED NATIONS PORTAL

Dear All,

Loving Sairam!

I am very happy to inform you that all the 5 articles submitted by us to the United Nations Department of Economic and Social Affairs - UN DESA's SDG Good Practices, Success Stories and Lessons Learned in the Implementation of the 2030 Agenda, have been accepted and Published. We understand that these articles being published by the UN in their official portal, is very prestigious and we were expecting only one out of five to be approved for publication. But by the grace of Bhagawan, all the five articles were published!

The UN 2030 Agenda and the Sustainable Development Goals (SDGs) were adopted in 2015 by many governments, UN entities, international and regional organizations and stakeholders to implement this ambitious global framework. The UN highlights examples of good practices, including those that could be replicated or scaled-up by others across the globe. It's overwhelming to know that all the initiatives of Bhagawan, in the fields of Education, Healthcare and Socially relevant projects have been designed right from inception as Sustainable Development projects. Now we are only matching new found definitions to the old initiatives of Bhagawan! Swami had created good Sustainable practices way back and the world seems to be catching up now! We will be making all the efforts to take the good works initiated by Bhagawan and share them with the world through the Sri Sathya Sai Global Council.

More information about SDGs is available at <https://sdgs.un.org/sdg-good-practices>

They accepted articles are listed below:

Sri Sathya Sai Values-Based Integral Education Initiatives

<https://sdgs.un.org/partnerships/sri-sathya-sai-values-based-integral-education-initiatives>

Sri Sathya Sai Medical Mission – Primary, Secondary, and Tertiary Healthcare, including Mobile & Telemedicine Facilities

<https://sdgs.un.org/partnerships/sri-sathya-sai-medical-mission-primary-secondary-and-tertiary-healthcare-including>

The Sri Sathya Sai Central Trust Drinking Water Projects

Dear All, it is your contribution in His noble mission that has made this possible. It is a matter of pride for all of us to be serving in an institution which is recognised by UN for good Practices!

Let us join and collectively pray to our beloved Bhagawan to give us strength and make us better and useful instruments in service of Humanity.

Praying to Swami for His continued blessings and guidance!

Best Regards

R J Rathnakar
