**SRI SATHYA SAI MEDICAL SERVICES,
TELANGANA**

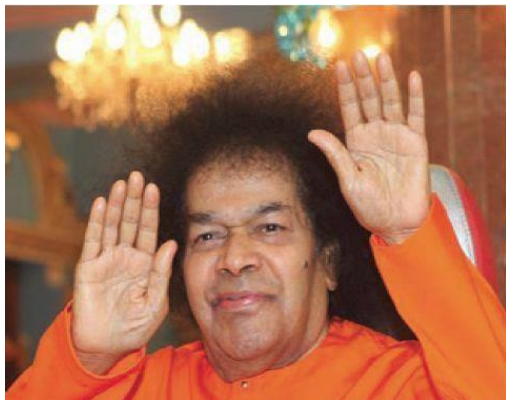

**2019-20
ANNUAL REPORT**

SRI SATHYA SAI MEDICAL SERVICES, TELANGANA

ANNUAL REPORT FOR THE YEAR 2019-20

Patients welfare must be your topmost priority. Serve them with dedication. Service to patients is service to God. There is no service higher than this.....Baba July 5, 2003.

Abiding by the Divine Directives of Bhagawan Baba, the members of Sri Sathya Sai Seva Organisation, Telangana have enthusiastically plunged into Medical seva activity with great focus on Holistic Health. The pale presence of primary health care in the villages if at all anything worth its name exists and the lack of access to tertiary health facilities makes it a truly need based activity. It is in this context SSSSO, Telangana has focused its strengths to take care of the medial aspects of village folk.

A holistic approach is adopted in this seva emphasizing on both Preventive and Curative aspects of human ailments. While the preventive measures enable containment of diseases, every effort is made to provide total cure through follow up activity, complexity of the disease notwithstanding.

This activity is most promising both in terms of its utility value and in transmitting Sai Nama and Tathwa in the remotest villages. This Seva touches the Heart of the poor and needy. These villages grow into true Spiritual centers radiating Bhagawans message of Human values.

SPECTRUM OF MEDICAL SERVICES IN TELANGANA DURING 2019-20

PREVENTIVE HOMEIO MEDICINE FOR VIRAL AND DENGUE FEVERS

Viral and Dengue fevers is spreaded in entire Telangana and thousands of people are suffering from viral fevers. Preventive Homeio medicine for Dengue and other viral fevers is giving excellent results. Hence Sri Sathya Sai Seva Organisation, Telangana approached the Dy. Director, Ayush, Ramanthapur, Hyderabad and obtained preventive homeio medicine.

The preventive medicine has been sent to the District Presidents of Hyderabad, Secunderabad, Ranga Reddy, Medchel, Mancheriyal, Nirmal, Komaram Bheem Asifabad, Mehabubnagar, and Vikarabad . They distributed in colonies, schools, public places and in medical camps. Over one lakh people benefitted with the medicine.

SRI SATHYA SAI MOBILE HEALTH SERVICES, TELANGANA -2019-20

Health for all and Medicine at the door steps of the poorest and the needy” –this is what Bhagawan Baba has envisaged when He started the First Super Specialty Hospital in the tiny village of Puttaparthi.

Sri Sathya Sai Mobile Health Services in Telangana is a novel outreach programme, started in March, 2011, at Nandi Wanaparthi village, by Hyderabad District. This project is being continued on the following Divine directions of our Beloved Swamy on medical care:

Medical care must be provided free of charge;

Medical care must be administered with love and care;

Every patient must be given the **best available treatment** and

Finally “Treat the patient and not merely the Disease”.

Keeping in mind the above Divine Directions, Sri Sathya Sai Mobile Health Services started its activities in 2011 at Hyderabad and now it has been serving in six districts of Telangana. Activity commencement details are as follows:

Sl.No.	District	Date of Inauguration
1	HYDERABAD	27.3.11
2.	KADAPA NOW IN MANCHERIAL	26.2.12
3.	MAHABUBNAGAR NOW IN NAGARKURNOOL	9.9.12
4	KHAMMAM	9.2.14
5	RANGA REDDY	16.4.17
6	MEDCHEL	21.1.18

Sri Sathya Sai Mobile Health Services in Telangana, with a noble cause of taking healthcare to the rural doorsteps, rendering medical services every month, with its team of doctors and offering diagnostic services. The cases identified in the camps for further investigations, procedures, surgeries, will be sent to the nearby town/city hospitals and provide treatment to the patients totally at free of cost.

With the Divine Blessings of Bhagawan Sri Sri Sri Sathya Sai Baba varu, Sri Sathya Sai Mobile Health Services project has completed **nine** years of service to the poor and needy people.

These medical services include the Specialties viz. General Medicine, ENT, Ophthalmology, Dental medicine, Obstetrics and Gynecology, Orthopedics, Pediatrics and Dermatology.

Service to humanity with Love and Care:
Achievements from 2011-20 (upto 31.12.20)

SAI JANANI-COMMUNITY HEALTH CARE IN TRIBAL AREAS

CONCEPT OF SAI JAJANI PROJECT:

Sai Janani is a community health care in Tribal Areas through Integrated Medical camps in Telangana State. Poverty, Environment, lack of knowledge, less medical facilities and Geographical Conditions of the Tribal Areas are creating Health Problems to the Tribal People.

Inspired by Sri Sathya Sai Baba varu, Sri Sathya Sai Seva Organizations, started Tribal Area Free integrated Medical Camps. The aim and goals of the camps is to serve the sick in needy by villages and help them to become healthy.

Inauguration of Sai Janani Project at Chelamanna Nagar Thanda, Bhadradri District:

Sai Janani program (a Comprehensive medical care to Tribals) residing at Chelamanna Nagar Thanda in reserved forest areas of Bhadradri District is inaugurated on 22.8.19. Four Doctors two paramedical ten sevadal members attended the camp. 143 patients with general ailments were treated.

Inauguration of Sai Janani at Asifabad district:

Sai Janani Project at Savaati (V) Asifabad district has been inaugurated by Sri P. Venkat Rao, State President, SSSSO, Telangana on 8.9.19.

279 patients who have general ailments were treated. Three doctors, four paramedical and 20 sevadal members participated in the camp.

Sai Janani at Chennaram (V), Nagar Kurnool District:

During the year 2019-20, twenty General Medical camps conducted covering 489 tribal villages, benefitting 3921 patients 34 doctors, 82 paramedical and 225 sevadal members attended the seva. 219 spectacles given to the needy identified patients. 155 cataract surgeries patients identified and send them to Saduram Eye Hospital for surgeries. 3 dental cases attended. 639 Lab tests conducted at the camp.

SRI SATHYA SAI PRANA MITRA –a TELEMEDICINE SEVA

Sri Sathya Sai Seva Organisation Telangana is rendering medical services since more than four decades conducting regular Medical camps in remote villages of Telangana, Clinics in the towns and cities and single doctor clinics at their Bhajan centers and follow up cases for necessary investigations, procedures and surgeries at towns and cities of Telangana. Mobile Medical vans are going to remote areas and rendering service to the tribal people.

Due to the Pandemic situation, the entire medical activity in the State stopped and due to this it is observed that many of our beneficiaries and others who need support especially in the rural and some urban areas are not able to venture out hospitals or clinics due to the fear of contracting COVID-19 disease. Sai Doctors in the organization have been receiving calls for help and medical advises for simple medical ailments.

Keeping in view of the requirements of medical support to our suffering people, Sri Sathya Sai Seva Organization, Telangana in association with Sri Sathya Sai Trust planned to launch Telemedicine services in Telangana. After taking the consent from the All India President, SSSSO, it has been decided to start the Telemedicine services in Telangana in the areas of General Medicine, Pediatrics, Gynecology, ENT, Cardiology, Dentistry, Neurology, Orthopedic, Ophthalmology, Dermatology, Pulmonology, Gastroenterology and Neonatology specialties. Telemedicine services are available twice in a week i.e. on Saturday and Sundays headed by Dr. K. Ram Babu, and District Medical Coordinator, Hyderabad a senior consultant, ENT, Apollo Hospital, Jubilee Hills, Hyderabad. A young group of 40 IT Sai Volunteers were trained.

The Director, Vaidya Vidhan Parishad, Hyderabad and Commissioner, Public Health, Government of Telangana have been informed through SSS Trust. The entire telemedicine project is being run as per Telemedicine Practice guidelines of Indian Medical Council and NITI AAYOG guidelines issued in March, 2020.

With the Blessings and Grace of Bhagawan Sri Sathya Sai Baba varu, Sri Sathya Sai Praana Mitra (a Telemedicine seva project) is launched in Shivam, Hyderabad at 10-45 a.m. on 29.8.20. Sri H.J. Dora garu, Convenor, State Trust, Sri Kailash Prasad, Member and others, Sri P.Venkat Rao, State President, SSSSO, Telangana, Sri Gopi Krishna, Member, National team, Dr. K. Ram Babu, Program Coordinator, and State Medical Coordinator, have graced the occasion and launched the calling process.

Sri Sathya Sai Prana Mitra, a Telemedicine seva, Telangana from 29.8.20 to 31.12.20

HEALTH CARE PROJECT FOR NEWLY BORN CHILDREN (Experiencing SAI in Service)

NEW BORN SCREENING FOR HEARING camp at Area Hospital, Vanasthalipuram, Ranga Reddy district, Telangana:

The Health Care project for newly born children is a new initiative taken up by SSSSO, TS in association with SAHI (Society to Aid hearing impaired) for the first time in India.

Hearing Impairment is a hidden disability in new born children. Speech and language are inter connected with hearing. Late detection causes irreversible stunting of the speech and language development which further effects the future potential of the child. Detection of hearing impairment in infants within first six months of age is very critical and has proven advantages over those detected later, terms in acquiring normal speech and language regardless of degree of hearing Impairment. Human brain developmental capacity with respect to hearing, speech and language development is maximum at the age of two years. It is important to check and screen hearing for every neonate to rule out any audiological anomaly, so as to correct it at very young age and obtain maximum benefits which can help the child to lead a complete normal life in par with their age group children

With this concept the project is launched at Area Hospital, Vanasthalipuram, RR Dist on 2.10.19. It is twice in a month.

The project is inaugurated by Dr. Ramesh Kumar, Medical Superintendent, Area Hospital, Vanasthalipuram, and Dr. K. Ram Babu, MS (ENT), Apollo Hospital, Jubilee Hills, Hyderabad . Sri Srinivas, Chief Audiometry Department and State Medical Coordinator, Telangana participated.

Eleven camps conducted and 241 newly born children screened. Out of 241 infants 48 infants identified as hearing problem patients and requested them to come for further reviews and course of investigations at Apollo hospital. The above results clearly shows that 20% of newly born children are having hearing impairment. The percentage will increase in near future.

It is the high time to establish many more such screening centers started in all districts in Telangana during Centenary celebrations of our Beloved Swamy.

CARING BEYOND CURING

Follow up cases

Hundreds of follow up cases come across in the medical camps. Some seem to be serious and volunteers make note of them, arrange dates for further investigations/operation/treatment, bring the patients to Hyderabad city, accommodate them in local Sathya Sai centres and provide them with food and other necessities. A few of the patients are described below; many such cases have been taken up during the period.

	Total	247241

SAI REHABILITATION PROGRAM, Telangana

Vision:

Patients discharged after successful cardiac interventions and cardiac surgery at SSSIHMS, when they return home, must be able to reap the benefits of the free medical treatment provided at SSSIHMS, by not only regaining & maintaining their health, but also be able to resume their roles & responsibilities to their families.

Sai Rehabilitation Program is a unique initiative of Baba's Super Specialty Hospitals in Puttaparthi and Bangalore, seeks to continue, sustain and boost the hospital-patient relationship.

Elsewhere, once the bills are paid and the patient is discharged, the hospital has hardly any connection with the patient. But those operated in Baba's hospitals are never completely discharged; they are only handed over to another local doctor.

Sri Sathya Sai Seva Organisation, Telangana is providing local volunteer doctors and dedicated sevadal in all districts for effective implementation of Sai Rehabilitation Program, after discharge of the patient from the hospital, to help heal the body, mind and spirit of every patient. This noble service was launched in Andhra Pradesh and Telangana in January, 2008.

There is a State Coordinator for SRP and District SRP Coordinators in all Districts. Local devotee Doctors in the districts are providing voluntary service of free check up of the patients.

TELANGANA SRP 2008-20 (31.12.20)

Veterinary Services in Telangana -2019 -20 (1.4.19 -31.12.20)

(Divine Service to the Silent creatures)

By the Divine Blessings of Bhagwan, Sri Satya Sai Baba varu, Sri Satya Sai Seva Organisation, Telangana , has made humble attempt to extend veterinary services to the gross root level of needy poor farmers in remote villages where veterinary facilities are not readily available. The villages covered are in Rangareddy, Medchal-Malakajiri, Vikarabad, Mahaboobnagar, Khammam and Sangareddy districts. The activities focused on General ailments, Gynaec disorders, eradication of endo and ecto parasites, Prophylactic Vaccinations, Clinical investigations, providing mineral mixture and feed additives to enhance milk production and awareness programs among farmers through farmers meetings and enmass village level Veterinary camps etc.,

Special contribution to eradicate Rabies, special drive has been taken up from July 2020 (World Zoonosis Day) and 700 dogs have been protected with “Anti- Rabies” vaccine in Hyderabad, Ranga Reddy, Medchel-Malkajgiri Districts duly providing vaccine to the Government Vety Hospitals

Statistics of veterinary services rendered in Telangana State from 01-04-2019 to 31-12-2020

II) Anti-Rabies vaccination campaign: 700 dogs have been immunized.

III) Monkey Feeding in Narasapur Forest area: 170 kilograms of feed every month for three months (March 2020-May 2020)

SRI SATHYA SAI WELLNESS MISSION A HOLISTIC APPROACH

As a part of Holistic approach, the following steps will be taken up during 2021.

1. Health care Camps:

- To Improve the quality of care and bring about standardization across all health camps with the help of technology and digitization;
- Regular use of module for preventive health care. Every camp should have a counselling session on preventive care during their waiting period prior to seeing the doctor;
- Covid-19 Pandemic- Emphasis should be laid down on wearing masks, handwashing and strictly observing social distancy;
- Health care Sevalal – Develop well trained cadre for sevadal to render seva in Health camps and Mobile units. These sevadal should be trained on preventive health and handling emergencies as a first responder. Training module to be designed.
- The process of entertaining outdoor patients' registration, recording and follow up has been put on computer.

2. Mother and Child Care:

- Mother and child care should be one of the major focus areas for the next 5 years culminating in the centenary celebrations of our Swami.
- Care of ante natal women, lacting mothers and malnourished children upto the age of 14-15 years in SSSVIP villages, Bhajan Mandali villages, adopted villages and urban slums.

3. Sri Sathya Sai Rehabilitation Program:

- To be carried out in standard way across all the Districts.
- Have a standard training for all SRP Volunteers;
- Reach out to all cardiac patients operated during last 10 years.
- Ensure all Valve replacement patients are followed monthly PT/INR tests and aim is zero mortality due to non compliance of the same.

4. Divine Service for Silent Creatures:

- Increase Veterinary activity across all Districts.
- Involving more and more Veterinary doctors for helping in all activities;
- Involving the para Vety. Staff which is available in the rural levels in across the country

ACTION PLAN FOR CENTUNARY CELEBRATIONS (2021-25)

1. Preventive care is top most priority;
2. Training to the volunteers on preventive care;
3. Telemedicine seva to be benefitted in rural/tribal areas;
4. Districts/Samithis having Mandirs, start medical clinics soon.
5. Each District may conduct atleast one major medical camp every year.
6. Extension of Sai Janani to Achempeta and Bhupalapalli under Tribal Area Development program.
7. Hearing tests for new born children in all districts. During 2021 it is proposed to start at Shivam, Mahabubnagar, Siddipeta and Karimnagar.

Doctors Role

Doctors should serve the poor with a spirit of sacrifice. There is no greater service than this. As man is the embodiment of God, it is his primary duty to help the destitute and the forlorn. Medicine should not be commercialized. It is meant to promote a heart-to-heart and love-to-love relationship between doctor and patient. A true doctor is one who realizes this truth and conducts himself accordingly.

The success of Medical Services in Telangana is mainly because of Bhagawan's continuous guidance and our dedicated Doctors, committed Sevalal members in the Districts.
